

Pets & Pests

Your guide to responsible pet ownership and dealing with pests

Keeping pets

We understand that pets can be a positive attribute to any family home. Unity Housing Association may give you permission to keep pets in your home, but you will have to request permission in writing. However, permission will only be given based on certain conditions (you must agree to) and the type of home you live in (i.e. house, bungalow or flat).

Do I need permission for my pet?

In your tenancy agreement it states that:

'You must get our permission, in writing, to keep any animal, bird, insect or reptile in your home.'

If you get our permission, you have to agree to:

- Take responsibility for the animal's health and welfare
- Take responsibility for any damage caused to your home by your pet
- Controlling the pet within your neighbourhood and local community
- Not leave your pet alone in your home when you are away for a long time (i.e. holidays)

If you don't follow these rules you will be in breach of your tenancy agreement. This means we may withdraw our permission to keep your pet.

Don't be foul

Please make sure any animal which is kept, or brought to your home, doesn't foul on our land or property. If it does you must clean it up immediately, this includes any private gardens forming part of the property.

Don't be a nuisance

You must make sure no animal which is kept, or brought to your home causes a nuisance or annoys or frightens any person or other animal in the area.

Pets in the neighbourhood

My neighbour's pet is a nuisance. What can I do?

If you have problems with pets in your neighbourhood there are many things you could do. If an animal is being a nuisance (i.e. fouling, noisy, etc) you should:

- Try to speak with the animal's owner

If this doesn't work you should:

- Log an anti-social behaviour complaint with your Housing Officer (see our ASB leaflet or check our website)
- Dog warden (Leeds City Council)

I think my neighbour is mistreating their pet, what should I do?

If you believe a pet in your neighbourhood is being mistreated you should speak to the

Pest control

Unity Housing Association does not take responsibility for treating infestations.

If you find mice, rats, fleas, cockroaches or any other pests in your home, you need to contact a local pest-control company to treat them. You will have to make these arrangements yourself and pay for the service you receive.
