A free tailor-made, one-to-one service to suit your needs

Unity Employment Services

Unity Employment Services was set up in May 2011 to support Unity tenants and the communities in which they live to get back into employment and training.

Each person has an individual reason for unemployment or under-employment. Unity's dedicated Employment Team ensures that each customer has an individual plan tailored to their specific needs.

The Team can help you with practical job skills such as preparing your CV, guidance for job searching and applications, and practising your interview technique.

The Employment Team have already helped secure over 250 jobs, work placements or training opportunities for tenants and local people - but they'd like to help even more!

If you, or any member of your household could benefit from the Employment Team's support or guidance, then please get in touch.

Case studies

Female; two children under 5.

Age: 25

Before meeting the Employment Team this lady had been out of work for four years due to having her children. She had only 9 months experience on her CV working within a hotel catering environment.

The team helped her develop her CV, confidence and negotiated with the DWP about her childcare arrangements so she could attend a twelve week course to achieve a food hygiene certificate. She is thoroughly enjoying it so far.

The Team helped her apply for jobs and explore different sectors. The Team have recommended her for a placement with a guaranteed job at the end of it.

Volunteering Opportunities

Our Employment Team is here to help you access volunteering opportunities in your community.

Volunteering is a hugely valuable and rewarding experience for both volunteers and the communities they support. It is an excellent opportunity to learn new skills and boost your employment prospects, by enabling you to obtain valuable work experience and good references which can enhance your CV and help you gain the employment you have always desired.
