We are taking note of your comments and if you are dissatisfied with our services, you may receive a follow up call from Unity staff. 3. Cost of Living Increases

We all are aware of the increased costs of living that are affecting people in the UK, the rise in prices of people's energy bills, food and transport costs have pushed the inflation rate beyond 10% meaning increased costs for goods and services across the Country.

Unity has had increased costs of providing a housing service (materials, salaries, contractors etc) at a time when we need to invest in our homes to ensure they are energy efficient and modernised through our planned maintenance programme. We now face the challenge of maintaining these services.

Government Rent Cap

The government regulates how much social housing rents can increase each year. On the 31st August the government introduced a rent cap on the amount social housing landlords can increase the rent for 2023/24. Under proposals being consulted on, a cap on social housing rent increases would be put in place for the coming financial year, with options of a rent increase at 3%, 5% and 7% being considered.

Consultation

The government has started a consultation to invite views from social housing tenants and landlords on a proposed rent cap to understand how best to support households with the cost of living. This will end on 12th October 2022 after which the amount which social landlords can raise the rent will be set.

If you would like to submit comments on the proposed rent increases, please see the government website <https://www.gov.uk/government/consultations/social-housing-rents-consultation>.

When Unity is aware of the rent increase, we will write to you one month in advance of 1st April 2023 setting out what your new rent will be.

4. Leeds West Indian Carnival

On 29TH August 2022 the Leeds West Indian Carnival was back on the streets of Chapeltown and Harehills for the first time in 2 years. It was great to see people coming together to enjoy an amazing event.

The gloriously colourful sites of the magnificent costumes and troupes, the distinctive sounds and rhythms making us want to join the party, the tantalising smells and tastes of the array of food on offer all amounts to a welcomed return to assault all our senses, showcasing the very best of Caribbean culture and a celebration for all.

Over the years, the music festival has attracted a vast array of performers and is well attended by local and non-local people. The carnival started in 1967 and is the oldest caribbean carnival in Europe. Over 200,000 people regularly attend the event which draws people in from all over the world.

Unity have had strong links to the carnival as it is held where many of our residents live and is a focus for the community. A number of our long standing and recent Unity Enterprise tenants are dedicated to creating the various costumes for the event.

This year Unity sponsored the Leeds Black Music Festival (Which is held the day before the carnival and takes place in Potternewton Park, Chapeltown) and the Leeds West Indian Carnival. Unity provided a £3000 donation towards the gigantic screen shown at the music festival.

One of the main features of the carnival are the amazing costumes that people have created for the event. Unity business centre has provided a space where some of these costumes have been created.

Pictured below are Rebekah (bottom left) and Claire who make costumes for the carnival on a voluntary basis.

They have been involved in the carnival all their lives as both sets of parents have been involved for many years. Claire's mum is Sheila Haworth (pictured below) who works for the carnival at UBC, and her Great Uncle is Arthur France, is one of the founders.

5. Leeds Carnival Stories

Rebekah's Story

“Growing up in Leeds with Caribbean heritage I have had the privilege to attend Leeds carnival from a young age. My mother was part of the carnival committee when she was younger and

participated for many years after. The carnival is a time where we all gather together, have fun, drink, dance and create lasting memories, surrounded by the most beautiful handmade costumes which one day I will wear.

I have also been lucky enough to experience carnival in St Lucia which is my second home. The experience is very similar. Everyone's dancing having a good time and enjoying the music, predominantly Socca.

I hold The Leeds West Indian carnival close to my heart as its part of my history and I'm so grateful we are still celebrating it to this day.”

Dom's Story

“I went to the Leeds West Indian Carnival this year and my highlights were the food, the music and the dancing. The carnival is a huge part of my life and culture, especially being from Caribbean Parentage, the carnival is the main event I look forward to every year.

The carnival brings so many people together from all ethnic backgrounds and the opportunity for everyone to taste the authentic food from the caribbean such as, Jerk Chicken, Rice & Peas, Fried Fish and Patties plus so much more.

The costumes are also something I look forward to as each year there is a theme, and the costumes are a big part of the carnival and so much effort and money goes into making them.

I feel that that the carnival is a great way to celebrate Caribbean culture and I love the atmosphere and party spirit which it brings to Chapeltown”.
